

PASCO COUNTY
BRIAN E. CORLEY, SUPERVISOR OF ELECTIONS

Voter Outreach

We are excited to announce that in addition to our website, we have relaunched our social media platforms to keep Pasco County voters informed on all things voting and elections. Please know that my office is your official source of election information for Pasco County. Visit our website at PascoVotes.gov for direct links to the below social media platforms.

Given the tremendous growth with many new communities throughout Pasco County, our responsibility to inform voters and to make voter registration and updates convenient and readily available has challenged us to re-invent our voter communication strategy. We have recently attended local markets to reach out to Pasco residents with information on upcoming elections and to recruit pollworkers for the 2024 Election cycle. Visit our website for upcoming events we will be attending
