Whether you're a first-time voter, a new voter to the state of Florida, or a seasoned voter, this guide contains information to help you to exercise your precious right of freedom. I encourage all citizens to visit our website, PascoVotes.gov, for more information on how to register, update your information, order a vote by mail ballot, or view our voting system.

I assure you of my office's commitment to excellence in our service to the public. My staff and I bring over 300 years of collective experience to the elections process. Experience of this magnitude represents further testimony of our commitment to the citizens of Pasco County to deliver transparent, trouble-free, and secure elections. We stand ready to assist!

What is Book Closing?

Book closing is the statutory deadline to register to vote or to change your party affiliation for an upcoming election. The book closing is 29 days prior to any election. Unregistered voters and those who wish to change their party **must** have a completed voter registration application on file in the Supervisor of Elections' Office, or if mailed, must be postmarked by the book closing date.

What is a Closed Primary?

By law, **Florida is a closed primary state**. Voters may only vote for candidates in their party of registration. By not selecting a party when you register, your vote is limited in primaries to non-partisan races (judges, school board members) and issues. Party changes are statutorily prohibited at the polls on election day.

What is a Universal Primary?

A Universal Primary Contest (UPC) means a contest in a primary election in which all candidates have the same party affiliation and the winner will have no opposition in the general election. All qualified electors may vote on a UPC regardless of party affiliation.

What is a Presidential Preference Primary?

A Presidential Preference Primary (PPP) is a closed primary election in which voters choose who they want as their party's presidential candidate in the November General Election. The final determination of the presidential candidate for both parties is established at the respective party's national convention prior to the General Election.

Pasco County uses Election Systems & Software's optical scan paper ballot system where votes are cast by filling in ovals similar to the lottery. Voted ballots are fed into an optical scan reader at the polling place or early voting site. At 7:00 p.m. when the polls close, the vote totals for each precinct are transmitted via modem to the central tabulation site at the Elections Service Center. Vote-by-mail ballots are tabulated on high-speed optical ballot readers prior to election day. On election night, the precinct totals, the early voting totals, and the mail ballot totals are compiled as unofficial results pending certification of the election.

☆☆☆ VOTER INFORMATION CARD ☆☆☆

Per Florida law, Voter Information Cards are sent to all voters upon validation of their initial voter registration application, or to currently registered voters when making a name, address or party affiliation change. New information cards will be sent to all voters when there is a change to the polling location within their precinct.

Voter Information Cards are not necessary to vote. They serve as confirmation of your voter registration and provide information on your districts, precinct and polling location. If you lose your information card you may request a new one on an application or by signed written request.

☆☆☆ MAKING CHANGES ☆☆☆

Maintaining your voter registration is your insurance of a trouble-free voting experience. Your signature is required for all name, party or written address change requests. It is your authorization for us to make the change.

Has your address changed? It is a felony to vote in a precinct in which you do not reside. Submit a completed voter registration application, and you will receive a new Voter Information Card with your new precinct and polling place location. Address changes can also be made by telephone, in writing, or e-mail, by including your name, date of birth, new address, and Driver License number/ FL ID number, or last 4 digits of your Social security number. If you moved from another Florida county, submitting an updated address to Pasco County before election day will save you time at the polls.

Has your name changed? Submit a completed voter registration application and check Record Update above Line 1 on the application.

Do you wish to change your party affiliation? Submit a completed voter registration application by the 29-day book closing date prior to any election and check Record Update above Line 1 on the application.

Has your signature changed? When you sign a petition or return a vote-by-mail ballot, your signature is verified against the signature on file. If the signatures do not match, your petition may not be accepted, or your vote-by-mail ballot will require a signature cure affidavit in order for your vote to count. To update your signature, submit a completed voter registration application and check Record Update above Line 1 on the application.

Mail completed applications or written correspondence to: Honorable Brian E. Corley, Supervisor of Elections, PO Box 300, Dade City, FL 33526.

☆☆☆ MILITARY/OVERSEAS VOTERS ☆☆☆

Overseas voters and military personnel and their families may apply for voter registration or request a vote by mail ballot with a Federal Post Card Application (FPCA). An FPCA may be obtained from the Unit Voting Officer or is available on-line. If the FPCA is not available, contact the Supervisor of Elections' Office by e-mail, phone, or written request. Overseas persons and military personnel have the option of receiving their ballot via mail or electronically and, once issued, will be provided a free access system to track the status of their ballot and

confirm its receipt by the Supervisor of Elections' Office.

All portions of a Presidential Preference Primary and General Election ballot voted by persons outside the U.S. are counted if postmarked no later than the election day and received by the elections' office within 10 days of the election. Additional election information is available through:

Sample Ballots

A precinct-specific sample ballot will be available on our website 25-30 days prior to an election. The sample ballot will be the same as the one you will vote when early voting or on election day, including your congressional, senate, house and local races. Voters are encouraged to mark their sample ballot and take it with them when voting. Vote-by-mail ballots may not be used as sample ballots at the polls.

Provisional Ballots

Provisional ballots are statutorily issued at the polls or Early Voting when a voter's eligibility cannot be determined or they present to vote without required ID. The Pasco County Canvassing Board reviews provisional ballots post-election and makes the determination of validity. The decision of the canvassing board is conditional based on the information the voter provides on their behalf, as well as the post-election research and evaluation by elections' staff. Avoid voting provisionally by keeping your registration up-to-date and bringing your photo/signature ID to the polls with you.

Pollworkers and Voter Outreach Ambassadors

Qualified, committed, and well-trained workers play a key role in successful elections. There are positions available for working at the polls and assisting on election day.

In addition, there are positions available throughout the year to conduct voter registration drives and voter education programs.

If you are interested in working, we encourage you to visit our website, complete an on-line application, or call 800-851-8754. We are actively recruiting bilingual workers.
